Active ingredient: - 0.5% w/v Hexetidine in a complex high foaming surface active base.

MANE-TAME is an active foam that therapeutically assists in the prevention of rashes and minor skin eruptions in horses and large animals. Valuable in the treatment of fungal infections including ringworm. Pityriasis (dandruff), hyperkeratosis and simple dermatoses.

DIRECTIONS FOR USE:

Use Mane-Tame on a regular basis to ensure best results.

Wet the animal thoroughly.

While pushing hair back against the natural fall squeeze a little Mane-tame along the hair margin and work into a rich lather. When the whole of the animal has been thoroughly shampooed, rinse well to remove all residual lather. When used as a therapeutic agent, consult your veterinarian should the condition persist.
